

ANGUS & SIMANGUS

Annual Bull & Heifer Sale

Saturday

MARCH 4, 2023

BROKEN BOW LIVESTOCK • BROKEN BOW, NE

1:00 pm

Welcome!

Hey everyone, Kaitlyn here again! With the weather continuing to test our sanity, cattle, and machinery I decided that I would carry on the one year tradition of writing the story. Dad has his hands full trying to calve out heifers in the mess of a winter we're having.

With such little rainfall the demands on our pasture were even higher this last year than in 2021. Rotational grazing has sure helped with our grazing demands. With that practice we were able to maintain our normal weaning time. The bulls and heifers were ready to be independent and quick to eat out of bunks and the cows were ready to have their alone time too! Dad has put one heck of a set of bulls and heifers together for you to choose from and they have been developing well this fall and winter; so well that the decision making process was a bit tough this year.

The bulls have been on an ADG test but I know from working with dad that while he wants to test these bulls he also wants to keep them athletic and sound. We want them to hold together nicely when they're out working for their new owners. They have been Genomics tested and by sale day they will have been semen tested and ultrasounded. The ultrasound data along with their yearling weight information will be available on sale day via a supplement sheet. The heifers have been developed with the same program and diet as our replacement heifers, with the emphasis of not getting them fat. Dad says "fat looks good on sale cattle but it doesn't pay". As you look through the catalog and read the pedigrees and study the EPDs, I think you'll find what you are looking for to keep your herd moving forward; whether that's calving ease, growth, structure, docility, power, maternal or longevity.

If you'd like to talk cattle, come on out to the place to take a look at this year's offerings in their natural environment and spend a little, or a lot of time, talking to dad before the sale on Saturday March 4, 2023 at Broken Bow Livestock. He can help guide you to what you are looking for for your cattle operation. We know everyone's agricultural life can get pretty hectic at the beginning of March, so if you can't make it to the sale that day head on over to DV Auction or get a hold of one of our press representatives the day of the sale to assist you in filling your needs.

Mom has been busy with her part of the sale day activities as well. She's been hard at work making jams and jellies and busy finding hats, gloves, gators, and earmuffs to put our logo on. The great supply chain fiasco of 2022 has definitely made her job a bit more difficult. She has a killer lunch planned again with those awesome cupcakes and cookies for dessert and for the early arrivals there will be coffee and rolls available.

Gigi is reminding me that Jett and Crew are on facetime and I hear the ranger outside which means Poppop is back from checking heifers so it's time for me to sign off.

We deeply appreciate your interest in our cattle and your support! If you have any questions regarding our sale offerings please don't hesitate to call or text dad, e-mail us, or even check out our website. We can't wait to see you on sale day!

Kaitlyn Mason

Broadcasting Real-Time Auctions

FIRST BREEDING SEASON GUARANTEE

Bulls selling for \$3,000 or more are guaranteed against a breeding injury during their first breeding season. The breeding season is defined as the 90-day period following the first turnout of the purchased bull. Please notify us as soon as possible when an injury occurs and has been diagnosed by a licensed Veterinarian and prior to the injured bull being sold. All claims must be made by October 2023. If we have a comparable bull available he can be provided to get your cows covered this year, otherwise you will be given a credit of the purchase price of the injured bull less \$1500. (buyer keeps salvage value), to be used in next year's annual sale. This does not cover against mismanagement or neglect. We do not guarantee against death or injuries sustained prior to the breeding season. Mortality insurance is suggested.

DELIVERY

A \$100 discount will be given for each bull taken home on sale day. We will start delivering bulls for free in Nebraska soon after sale day. We suggest, if you purchase a heifer that you take them sale day or as soon as possible afterwards to get them home to their new environment and feed management to be ready to fit well into your breeding program.

ACCOMMODATIONS

Cobblestone Hotel 308-767-2060 | Broken Bow, NE

The Boarders Inn & Suites 308-872-6428 | Broken Bow, NE

VIDEOS

Video of all sale animals will be available online at MasonAngusSimAngus.com or www.DVAuction.com.

SEMEN INTEREST

Mason Angus and SimAngus will retain 1/3 semen interest in all bulls selling. Buyer receives full possession and salvage value.

TERMS AND CONDITIONS

Terms of the sale are cash. All animals will be sold to the highest bidder. Changes in the catalog will be announced sale day and will take precedence over printed material in the catalog. A supplement sheet with updated information will be provided sale day. All cattle are the buyer's property as soon as sold and will be cared for at the buyer's risk. Any person attending the sale does so at their own risk. Neither, the sale management, owners, or sale facility will be held liable for any injuries. Not liable for any inaccuracies.

HERD HEALTH

Total herd health is in guidance of and provided by Broken Bow Animal Hospital. All bulls have had a Endovac vaccination and have been fertility examined and deemed Satisfactory Breeders. Scrotal measurements were done by BBAH. The heifers are up to date on all health shots and have been brucellosis vaccinated and have had a Preg-Guard 10 vaccination.

HERD NUTRITION

Our total herd's nutrition program is established from the advice and guidance of Bob Myers, Suther Feeds Inc Nutrition Consultant, 308-367-7115, and the direction of Dr. Dennis Holthaus, Suther Feeds Inc Nutritionist.

ULTRASOUND

Megan Gotschall of Ranch Country Cattle Services performed all ultrasound work done on the bulls and heifers.

VIEWING

All bulls and heifers can be viewed, at anytime prior to the sale at Mason Angus and SimAngus Ranch. Ranch located 2 ½ miles North, 2.5 miles East, and 1/12 miles North of Anselmo, NE. The sale animals will be available for viewing anytime after 2:00 pm Friday, March 3, at the Broken Bow Livestock sale facility.

Marcys Panhandle 214-9

AAA 19469944

{Sire of Lot 25} Marcys Panhandle 214-9 provides shape, loads of muscle, and real world performance. He ranks in the top 20% or higher for all maternal trait EPDs, making him a good addition to your current herd.

Sim Angus Bulls

LOT 26 LSS KEATON 6K2

JC Mr. Talon 403G ASA 3555669

[Sire of Lots 26-33, 61-68] JC Mr. Talon 403G is an exceptionally high spread bull. Talon is the needed kind for today's profit driven beef production. His 21 CED and -2 BW EPD have heifer bull written all over him, but he is a tank physically and has top 10% rankings for growth genetics. With his strength for MCE, STAY and Docility combined with a moderate, deep, wide bodied phenotype, his potential as a maternal sire just makes him more valuable.

1/4 SM 3/4 AN. Homozygous Polled, Homozygous Black.

A low birth weight, calving ease bull out of a first calf heifer with a very high API and TI numbers who also excels with marbling.

TJ Frosty 318E ASA 3288449

[Sire of Lots 35, 69] TJ Frosty 318E sired cattle have stolen the show at both the female and bull sales at Triangle J. They come small, grow fast, and have exceptional eye appeal. They are sound structured cattle that are made as good as any percentage cattle in the breed. The baldy cattle are in high demand.

Hooks Eagle 6E ASA 3253742

[Sire of Lots 36, 73] Hooks Eagle 6E has been the go-to calving ease spread bull for the Simmental breed. He makes equally good bulls and females. His progeny are in high demand.
